

PASS THE SNACKS

Pass the Snacks is a program in the Geelong region which provides 'snack' food boxes to families in need during the school holiday period.

The program is entirely supported by the community through donations and by volunteers who pack and deliver the Pass the Snacks boxes to participating primary schools for distribution in the last week of term.

Pass the Snacks is committed to:

- Providing additional food support to kids and their families during the school holidays
- Providing quality, non-perishable (hopefully kid approved!) food with a minimum 3.5 Health Star Rating*
- Alleviating pressure on existing food relief organisations within the Geelong region

For full program details and to register individual or school interest please visit:

www.passthesnacksgeelong.com

Since program launch in Term 1, 2024 over 200 food boxes have been distributed through eight participating primary schools. The program is continuing into 2025.

The Pass the Snacks pilot program relies on the generosity and support of the Geelong community. If you or your business is interested in becoming a valuable "Snacker Supporter" please contact us via the website.

*Used as a guide only to compare the nutritional profile across similar non-perishable food, with the aim that higher rated products (when purchased) are included in the Pass the Snacks boxes. Please understand though that almost all food is donated by the community.
